Early Childhood Education - Statement of Philosophy

The MBC Early Childhood Education Statement of Philosophy outlines the principles under which our College operates from Pre-Kindergarten through to Year 2.

Our Statement of Philosophy reflects the principles of the National Quality Framework, the Early Years Learning Framework, the Western Australian Curriculum and Assessment Outline and the Mandurah Baptist College mission, values and motto. It guides the decisions, policies and daily practices of all staff working within the early years at MBC and assists in planning, implementing and evaluating quality experiences for all children.

Our Statement of Philosophy will underpin consistency and continuity in working with children and their families from their entry into the College at Kindergarten to the end of Year 2. It will guide the development of shared, common and clear goals and will help create a united staff team.

Our Statement of Philosophy is a fluid and ‘living’ document that changes as new insights are gained and practice is evaluated. It will be reviewed annually.

MBC College Mission

The College aims to provide a comprehensive curriculum, which will cater for the individual needs of all students fostering a desire for learning and excellence. Within this framework, students are encouraged to develop:

- A love for learning and striving to their maximum potential
- Application of life skills and knowledge utilizing personal talents
- Self-discipline
- Respect for self and others
- A personal awareness of God and the application of biblical principles

MBC College Values:

- Honesty
- Respect
- Responsibility
- Perseverance
- Compassion
- Justice
- Self-discipline
- Integrity
- Tolerance
**MBC College Motto**

Our College motto is 'Be Strong and Courageous'.

**Our beliefs:**

We believe that children are unique individuals created and loved by God. We acknowledge the diversity of families within our College and the importance of working in partnership with each family in the education of their child. We respect the cultural background of each child and acknowledge that learning first begins in the home.

We believe that all children are capable, competent and successful learners who learn in different ways and at different rates. We believe that in order for each child to realise their full potential they need opportunity to problem solve, express thoughts and ideas, wonder and inquire, master new skills, imagine and create, reflect on learning and interact with their environment in playful and active ways. We believe in equity and inclusion for all children.

We acknowledge the importance of physical, emotional, social and spiritual well-being and believe in the need to provide both environments and structured programs, which, through positive reinforcement and encouragement, support the development of all aspects of the child.

We recognise and value the knowledge and commitment of our teachers and assistants and support their continued professional learning. We believe in the importance of working as a united team in order to support each other professionally, emotionally and spiritually.

**Our actions:**

We welcome families into our College. We provide regular opportunities for them to be involved in a range of learning activities with their children, and encourage and support them as educative partners. We make children's learning visible to families in a variety of ways including learning journeys, reports and meetings.

We provide safe, playful and engaging learning environments that give opportunities for all children to thrive, make choices and learn from their mistakes. We structure programs to allow children to learn, and to demonstrate their learning, in different ways. We focus strongly on developing a solid foundation of Literacy and Numeracy skills through rich learning experiences, explicit teaching and guided practice. Our programs are inclusive and responsive to children’s needs and interests, and promote inquiry.

We provide opportunities for children to develop physically, emotionally, socially and spiritually through intentional teaching and learning programs. We set clear and consistent boundaries to allow all children to feel safe and secure. We collaborate with specialist staff to ensure the best outcomes for students. We offer emotional and spiritual support to families.

All staff are dedicated in their relationship with God and demonstrate this in their daily life. They respect and value the children, families and other staff in the College. Staff are committed to participating in ongoing early childhood professional learning. They meet regularly as a team and are collaborative and reflective in their approach to planning, assessing and evaluating teaching and learning programs.
