MBC FUTSAL ACADEMY

FUTSAL ACADEMY AT MBC

The Futsal Academy Program now in its second year. Our vision is to establish a specialist program where students will develop into skillful and creative Futsal players through professional coaching whilst also cultivating a culture of character, commitment, teamwork and hard-work.

Players will be trained by coaches from Soccer De Brazil Academy through tailored sessions according to students' skill level, with the primary focus on development. Players will enter into the Academy via one of two pathways: the Academy Squad or the Academy Development Squad. Players will be individually assessed by SDB coaches through the process, where they will then be placed on a pathway.

WHAT IS FUTSAL?

Futsal is the FIFA-recognised form of small-sided indoor football (the word is a contraction of the Spanish 'fútbol sala'). It is played between two teams which each have five players on the court at any one time with rolling substitutes, and a smaller ball than soccer that is harder and less bouncy. The small amount of space means players must have great technical skills. The game is a high-intensity, fast-paced, dynamic, non-violent and enjoyable 5-a-side version of football that caters for both male and female participants. It is a professional sport in its own right with national and international championships, even though in many spheres it is considered a development tool for 11-a-side football.

WHO IS SOCCER DE BRAZIL?

Soccer de Brazil (SDB) has been raising the quality of football players in Australia for over 10 years. They are an elite Brazilian football academy that provides professional coaching to juniors, including preschool football training. They are at the forefront of evolving young players into masters of the sport, a pioneering force that is putting Australia on the map, for what is said to be 'the world game'.

SDB is one of the largest football academies in Australia operating in three different states. The WA Academy has been involved in training players at school level in both Futsal and Football. The SDB Futsal Academy is run by professional coaches who are equipped to mentor, train, mentally prepare, and inspire to create the best futsal players in the modern game. SDB coaches are passionate about youth development and injecting flair into the game.
